

**NEW PLAY FORMAT:** We have switched to a “5 player format.” The home captain decides which singles game to cross off, but can only choose from the third 501 singles game OR the third cricket singles game. Further, home captain is to cross off the “6th” slot in both doubles games. The last cricket doubles game and 501 doubles game will be played one on one, for one point each. Total possible points for the match = 20.

Below are two examples.

You can cross off the 501 singles game. **OR** You can cross off the cricket singles game.
