♦ **Captains Notes:** *Wk 14: Hot Mess was given 11 points which is their average of points scored in games played against other Orchid opponents. It seems they forfeited their bye week game in wk 14, and that forfeit changes the outcome of the divisional and playoff match-ups. To allow that would have been unfair to the rest of the division.*

*My only other choice would have been to forfeit them out of the play-off's all together, which is allowed under the rules. I would have done so had I believed they engineered the forfeit simply for playoff position.*
